Earning Capacity of Oil Trust's
Subsidiary Companies.

THE INDIANA OIL COMPANY

Shown to Have Earned Over Ten Million Dollars in One Year on a Capitalization of Only One Million Dollars.

New York, Sept. 19.—More light was shed upon the remarkable earning capacity of the various subsidiary companies of the Standard Oil company Wednesday when Frank B. Kellogg, who is conducting the federal suit, succeeded in placing upon the record the profits of seventeen of the principal subsidiary companies in the years 1903 and 1906. The statement of earnings of the Standard Oil company of Indiana, which was recently fined \$29,240,000 by Judge Landis of Chicago for rebating, disclosed that in 1906 the company earned \$10,516,082 on a capitalization of \$1,000,000, or over 1,000 per cent a year. This was more than any other subsidiary company of the big combination.

Mr. Kellogg developed while Clarence G. Fay, assistant comptroller of the Standard Oil company, was on the stand, a curious problem of book-keeping, which Mr. Fay failed to explain. From figures submitted it was shown that the Standard Oil company of New York in 1904 made a profit of \$7,751,160 and paid in dividends to the Standard Oil company of New Jersey \$32,998,430. This transaction reduced the net assets of the New York company from \$40,425,900 to \$15,179,706, while the liabilities leaped from \$47,646,235 in 1903 to \$81,395,145 in 1904, an increase of nearly \$34,000,000. The gross assets of the New York company, however, increased from \$88,074,561 in 1903 to \$96,574,852 in 1904. Meanwhile the accounts receivable of the Standard Oil company of New Jersey grew from \$19,045,014 in 1903 to \$58,282,924.

Mr. Fay Closely Questioned.

Mr. Fay was closely questioned as to the nature of the increased liabilities of the New York company and increase in the accounts receivable of the Standard Oil company of New Jersey, but he said he could not explain until he had examined the books of both companies, which he told Mr. Kellogg he would do. Charles M. Pratt, secretary of the Standard Oil company, was recalled and told how he had held for the Standard Oil company the stock of the Waters-Pierce Oil company when it was not permitted to operate in Texas. He said that he held the stock as a matter of convenience and not to avoid the anti-trust laws of Texas.

Mr. Pratt threw some interesting sidelights on the Waters-Pierce Oil company, the stock of which was held for a long period by M. M. Van Buren, who was not connected with the Standard Oil company. Mr. Van Buren purchased the stock from Mr. Pratt and early this year the Standard company bought it back. The nature of the transaction showed that Mr. Van Buren received from the Standard Oil company exactly what he paid for the stock and that during the time he held it the dividends were paid to the Standard company.

Wesley Tiltford, treasurer of the Standard Oil company, was called to the stand late Wednesday and Mr. Kellogg made an effort to have spread on the record a copy of the trust agreement of 1883, but John G. Milburn, chief counsel for the defendant companies, objected on the ground that such an agreement was prior to July 2, 1890, when the Sherman anti-trust law went into effect.

AFTER THE PAPER TRUST.

Newspaper Publishers' Association Takes Action.

New York, Sept. 19.—At a special meeting here Wednesday the American Newspaper Publishers' association instructed its committee on paper to bring to the attention of the president and the department of justice information concerning an alleged unlawful combination of paper manufacturers that has resulted, it is claimed, in an artificial stimulation of prices. The association also went on record as in favor of the immediate repeal of the tariff on printing paper and wood pulp imported from Canada. The resolutions further provide for an assessment upon the members to defray any expense incurred by the association in assisting the government in any prosecution that may be undertaken.

Former Mayor Indicted.

Kenton, O., Sept. 19.—The grand jury has reported thirteen true bills against Former Mayor Thomas B. Black for forgery and three for embezzlement. The charge is alleged misuse of funds entrusted to him by a client.

THE OUTCOME OF JEALOUSY

Married Man Shoots an Heiress and Tries to Kill Himself.

New York, Sept. 19.—Droga Selgel, an heiress of twenty years and daughter of a former colonel in the Austrian army, was fatally shot by Julius Hoffman, a married man, and formerly a Lieutenant of Colonel Selgel's regiment.

The tragedy was the outcome of jealousy. Hoffman, after the shooting of Miss Selgel, tried to shoot himself, but was prevented by the dying girl.

Hoffman and his wife came to America in January, 1905, and the latter worked as a dressmaker in this city. Soon afterward Miss Selgel, who had lived with the Hoffmans in Austria after her father's death, came to New York. The wife three months ago began divorce proceedings and instituted a suit against Miss Selgel for \$15,000 damages for alienating the affection of her husband. Recently Hoffman suspected that he had a rival in the young woman's affections and Wednesday he went to her apartment demanding that she tell him the name of the man. Miss Selgel protested that she loved only Hoffman. After threatening her with a pistol for half an hour Hoffman shot Miss Selgel twice and as he told the police, placed the muzzle of the pistol in his mouth, intending to kill himself. Before he could pull the trigger, he says, Miss Selgel sprang to prevent him and in the struggle the pistol was discharged, the bullet lodging in Miss Selgel's head and inflicting a mortal wound.

Miss Selgel was taken to a hospital, still declaring her love for Hoffman. She would have inherited \$100,000 a year hence.

ON MONUMENT HILL.

Casket Containing Remains of Mrs. McKinley Placed in Sarcophagus.

Canton, O., Sept. 19.—The new casket containing the remains of Mrs. McKinley now is in a sarcophagus in the McKinley mausoleum on Monument Hill. On guard at the tomb are United States soldiers. A half mile distant to the south in the vault that has been held the remains of President McKinley still rests the body of the late president, but in a new casket. Here, too, soldiers are on watch. The work of transferring the remains of the McKinnleys to the mausoleum was entrusted by the McKinley Memorial association to a Canton undertaker. The bodies were taken from the original caskets and laid in the duplicate coffins especially constructed for the mausoleum.

The state of preservation of both bodies was pronounced remarkably good by the undertaker.

The transferring of the caskets was done with as much privacy as possible. The bodies were put into the new bronze caskets in the presence of Justice Day, Judge Henry W. Hartner, Architect Magonigle and Contractor Maltby. United States soldiers carried that holding Mrs. McKinley's body to the funeral car and the little procession wended its way to the tomb, which is the nation's gift. The casket was placed in the sarcophagus. The casket containing the president's remains will be transferred in like manner. A short time later the remains of the two children of President and Mrs. McKinley will be exhumed from the family burial lot and placed in niches in the mausoleum.

SUPPORTS STATE'S RIGHTS

Senator Foraker Opposes Broadening Scope of Constitution.

Hillsboro, O., Sept. 19.—United States Senator Joseph B. Foraker, addressing several thousand residents and former residents of his native county of Highland, viewed with alarm the desire, which he claims, is prevalent in certain parts of the country for a change to broaden interpretation of the national Constitution. Senator Foraker supported "state's rights" as opposed to "centralization of power" by saying that "no greater calamity could befall this country than for it to change its Constitution as to authorize the federal government to deal with all or any considerable part of the subjects over which the states reserve control."

AGRARIAN STRIKE GROWING

People in Vicinity of Canossa, Italy, in a State of Terror.

Canossa, Italy, Sept. 19.—The agrarian strike is growing in this vicinity and the whole countryside is in a state of terror. The strikers have posted pickets armed with shotguns at the town gates to prevent farmers from going out to their fields. Wednesday a landowner, under provocation, shot a striker dead and a mob attempted to lynch the landowner. Troops were called and had great difficulty in dispersing the crowd. Many persons were wounded, including the landowner, who sustained mortal injuries.

A writer says that whipping a boy is liable to make him stupid. It may be so, but it is more likely to make him smart.

MANY ARRESTS MADE

Alleged Pennsylvania Grafters Taken Into Custody.

ALL OF THEM FURNISH BAIL

Accused Men Waive Hearing and Give Bond for Their Appearance in Court. Three Congressmen Are Involved in the Case.

Harrisburg, Pa., Sept. 19.—The long expected arrests of those held responsible for the frauds committed in the furnishing and decorating of Pennsylvania's \$12,000,000 capitol were made Wednesday, the attorney general causing warrants to be issued for fourteen of the eighteen persons and firms named by the capitol investigation committee as being involved in the scandal. Those for whom warrants were issued are:

Joseph M. Huston, architect, and his active assistant, Stanford B. Lewis, both of Philadelphia; John H. Sanderson, Philadelphia, chief contractor for furnishings; Congressman H. Burd Cassel, Marietta, Pa., treasurer and executive officer of the Pennsylvania Construction company, contractors for steel filing cases; James H. Shumaker, Johnstown, Pa., former superintendent of public grounds and buildings, who receipted for the furnishings; George F. Payne and his partner, Charles G. Wetter, both of Philadelphia, builders of the capitol and contractors for the \$303,000 attic; William P. Snyder, Spring City, Pa., former auditor general, who approved the warrants of the contractors; William L. Mathues, Media, Pa., former state treasurer, who paid the bills of the contractors; Charles F. Kinsman, Wallis Barlean, John G. Neiderer and George K. Storm, all of Philadelphia, stockholders in the Pennsylvania Bronze company, organized by Sanderson for the manufacture of the \$3,000,000 lighting fixtures; Frank Irvine, auditor in the auditor general's office, who audited the accounts of the contractors.

The warrants were sworn out before Harrisburg aldermen and nearly all the defendants, who had been notified by the attorney general of the action he was about to take, appeared during the day, waived hearing and entered bail for their appearance in court.

Several of the Defendants Ill.

Several were unable to appear because of illness. The principal defendants were held in \$50,000 bail, which was furnished in every instance by surety companies. The defendants are charged with conspiracy to cheat and defraud the state by making false invoices, which were approved by Huston and Shumaker. Charges of obtaining money by false pretenses also was entered against Sanderson, Congressman Cassel, Paine and Wetter, it being alleged that they furnished fictitious bills for a greater amount than they were entitled to under contracts.

The prosecutions begun Wednesday are the outcome of the political upheaval in Philadelphia in 1905 when Mayor Weaver quarrelled with the Republican organization. The independent movement against the Republicans in Philadelphia that year spread throughout the state and led to the election as State Treasurer of William H. Berry, a Democrat. Berry took office early in 1906, being the first Democrat to occupy that position in twenty-five years. In the fall campaign last year Berry startled the state by charging that, according to the state treasury books, the capitol had cost \$13,000,000 and not \$5,000,000, as had been generally believed, and that \$9,000,000 of the money went to furnish the building. He charged that \$5,000,000 of the \$9,000,000 was pure "graft." Governor Pennypacker and other state officials and the contractors denied the charges, but the agitation for an investigation continued until the last legislature appointed a commission. Much sensational testimony was brought out by the hearings, which lasted about six months. The commission made a report to Governor Stuart, who turned it over to Attorney General Todd. The latter thought the evidence of fraud so strong that he at once decided to bring criminal and civil suits.

ELEVEN PERSONS KILLED.

Dozen Others Injured by Boiler Explosion in Mexico.

Toluca, Mex., Sept. 19.—Eleven persons were killed and twelve others were injured by the explosion of a boiler in the ferrer factory at Asoridero, state of Michican.

The explosion occurred just before noon and while the two proprietors and several workmen were clustered near the boiler discussing repairs to some machinery.

Of the twelve injured three are probably mortally hurt. The civil authorities have decided that the explosion was due to neglect of an employe in allowing surplus steam to escape.

About the coat man

Many have asked us when we will advertise a "coat man" and as there seems to be a feeling that we should have one this season, we will make this explanation: In the first place, the representative coat houses of this country WILL NOT give openings. This is a rule recently made. There are some of the smaller houses which seek to do such a thing, but not the best houses.

Our enlarged stock of coats

Then again: We advertised openings when this plan was in vogue and before we were able to carry the magnificent assortments that we do today. We defy any traveling representative to show you the splendid assortments we are showing today. Our showing represents the showing of a half dozen splendid manufacturers and not merely the ideas of but one maker. You will at once see the advantage of this.

Many are buying coats now

Our showings this year are astonishing even our friends who have learned to expect big things of us. And note this: We have shown these garments extensively this year and have yet to hear anything but the most complimentary remarks—and better yet, our sale of coats this early has surprised us. Come in and let us show you our garments.

ODD FELLOWS ON PARADE

Magnificent Spectacle Witnessed by People of St. Paul.

St. Paul, Sept. 19.—The Odd Fellow was the man of the hour in St. Paul Wednesday. The city was practically turned over to the wearers of the triple link. During the earlier part of the week, indoor meetings, holding the attention of the members of the different branches of the brotherhood, their presence was not noted beyond the fact that the streets in the downtown district were considerably more crowded than usual and the hotels were centers of intense activity. Wednesday, however, the crowds of visitors, conspicuous either because of the uniform of the Patriarchs Militant or the simple souvenir badge worn by all members, thronged nearly all parts of the city and incoming trains bore several hundreds from neighboring states who delayed their coming until the big event of the week—the parade Wednesday afternoon. In addition to these, Minneapolis Odd Fellows turned out, and surrounding

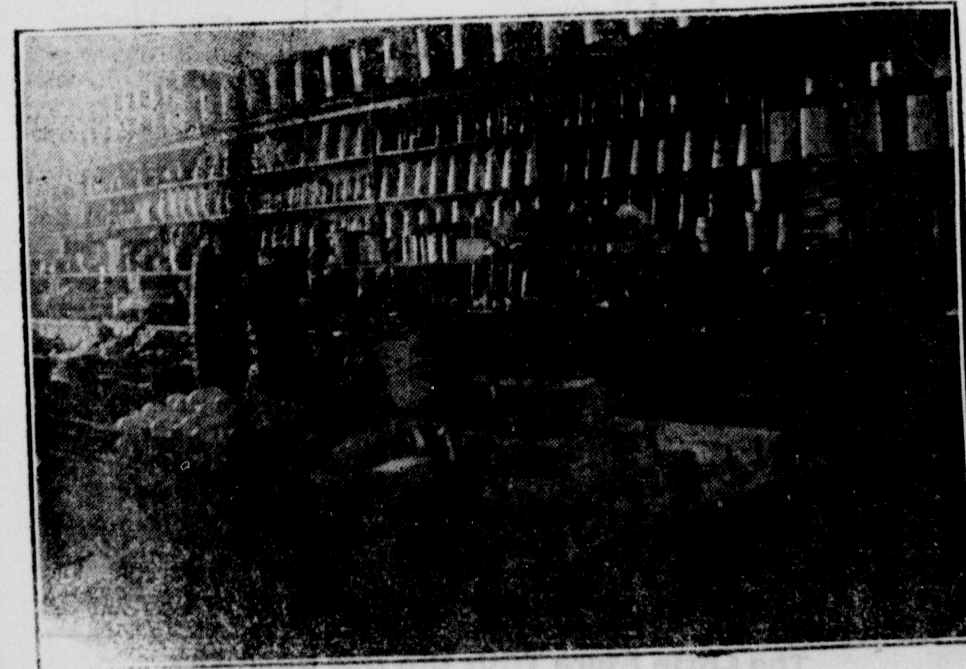

localities reached by trolley contributed their full quota of brothers in the order.

The parade assembled the visitors into one body, and the extent of their numbers was fully appreciated. Conservative estimates placed the numerical strength of the entire I. O. O. F. delegation in the city at 5,000 to 7,000. The parade, nearly three miles long, was an elaborate spectacle fully worthy of the place of first importance on the programme of events which it occupies annually.

The streets along the line of march were thronged. Long before the time scheduled for the start of the procession, hundreds sought vantage points in windows and upon stairways and fire escapes. It was nearly impossible to get about in the downtown district in the afternoon and at all points along the line of march the sidewalks were nearly impassable.

It required nearly two hours for the imposing procession to pass, and this did not include several halts that were made.

TIE PLANT WILL START NEXT WEEK

Supt. Gibson States That it is Practically Complete and Ready for Operation

WILL EMPLOY ABOUT 125 MEN

Will Use This Number of Men From Nine Months to the Entire Time Hereafter

The tie preserving plant is now about ready for operation, and will be started the first of the week, if not delayed by the continued wet weather. It will prove a much better thing for Brainerd than has heretofore been expected. Superintendent Gibson, who will have charge of the plants here and at Paradise, Montana, states that the crew will average about 125 men and that the plant will run nearly the entire year. It may be necessary to shut down for about three months during the very coldest weather, but if it is possible to keep the material used from freezing the plant will be operated all the time. No definite arrangements have been made for permanently boarding the help, but it is probable that the company will erect a boarding house this winter.

Reduce Your Fat

Rengo Rapidly Reduces Excess Fat Without the Aid of Tiresome Exercises or Starvation Diet

Exercises or Starvation Diet

COSTS NOTHING TO TRY.

Rengo will reduce excess fat and build up the strength and health of anyone who eats it regularly for a short time. It is a product of nature, delicious to the taste and safe and harmless in all its properties. It will not injure the digestive organs as so many drugs and medicines do.

Rengo positively reduces surplus fat rapidly and does so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Every fat person is a victim of constant, cruel ridicule. Save yourself from humiliation and danger by taking Rengo. Don't wait until you are a disgusting sight.

all its properties. It will not injure the digestive organs as so many drugs and medicines do. Rengo positively reduces surplus fat rapidly and does so without harm to the subject. It is very palatable and pleasant to eat. It is prepared in a highly concentrated form and is convenient to carry in the pocket so one can have it with him at all times.

Rengo requires no exhausting exercises or starvation dieting to help it out as so many of the so-called fat remedies do. You can go right ahead and attend to your regular daily duties. It compels proper assimilation of the food and sends the food nutriment into the muscles, bones and nerves and builds them up instead of piling them up in the form of excess fat.

There is nothing just as good as Rengo. For sale by all druggists at \$1.00 per full sized box or by mail prepaid, by the Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them direct to Detroit; no free packages at drug stores.

FIVE REASONS WHY CALUMET BAKING POWDER

has obtained the confidence of the public.

1. It complies with the Pure Food Laws of all states.
2. It is the only high-grade Powder sold at a moderate price.
3. It is not made by a Baking Powder Trust.
4. Food prepared with it is free from Rochelle Salts or Alum.
5. It is the strongest Baking Powder on the market.

\$1,000.00 given for any substance injurious to health found in Calumet

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.

All Grocers are Authorized to Guarantee this

Calumet Baking Powder costs little. Costs a little more than the cheap, injurious powders now on the market, but it is a big saving over the trust powders.

SEWER ORDERED IN FOURTH WARD

City Fathers in Adjourned Session Wednesday Evening Pass Such Resolution

BIDS TO BE ASKED FOR

District Sewer to be on Maple, Thirteenth and Rosewood Streets in that Ward

The city council held a very brief adjourned session Wednesday evening to complete the work of establishing the sewer in the Fourth ward. There was a bare quorum present, Alderman Zakariasen, Drexler, Turcotte, Baker, Graham and Fogelstrom and President Johnson answering to roll call.

A resolution drawn by the city attorney establishing the sewer was passed by a unanimous vote of the city council.

The sewer as provided by the resolution, will have its outlet at the junction of Maple street and the general sewer to be extended, and will extend east on Maple street to Eighteenth street. Another branch will extend from Maple street south on Thirteenth street to Rosewood street and east on Rosewood street to Fifteenth street. No action was taken as to the extension of the general sewer from the dump to the sewer ordered by the resolution.

The resolution passed ordered the clerk to advertise for bids for the construction of the district sewer, the bids to be opened at the regular meeting of the city council to be held on October 21.

Alderman Fogelstrom asked as to the duty of the city in the matter of the cleaning of the alley which was paved two years ago in the block between Sixth and Seventh and Front and Laurel streets, but no conclusion was reached.

The unsafe condition of the street and walk at the corner of Sixth and Main streets was discussed, but no action was taken.

The council then adjourned.

\$25.00 REWARD

Complaints having been reported at a recent meeting of the city council that we had refused to weigh coal over the city scales, we wish to brand such statements as absolutely false. We will give a reward of \$25.00 to any party who will produce the party who started the story that we had so refused. We will gladly weigh over the city scales or any other scales. Please request it. 9113 THE FISHER-BUDD FUEL CO.

WRECK ON BROADWAY

Carload of Oats Derailed Near Broadway Crossing Last Night Blocked Main Track This Morning

A car load of oats jumped the track just west of the Broadway crossing during last night and after crossing the street on the planks plowed into the dirt between the tracks just east of the crossing and completely buried the trucks damaging them badly. The main track was partially blocked and trains were compelled to take the side tracks to get by. Considerable damage was done to the trucks.

Health in the Canal Zone

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by H. P. Dunn & Co druggists. 50c.

MADE GOOD PROGRESS

Government Engineers Visited Land Owners Around Gull Lake Yesterday and Report Progress

Major Davenport and J. D. Dugan government engineers from St. Paul, came up Tuesday and went out to Gull lake to look over the situation regarding the proposed government dam there. On their return they were asked regarding the matter and stated that the trip was largely to look over the situation and see if it was possible to come to a satisfactory agreement with the owners of the land not yet acquired for flowage. Mr. Dugan stated that while nothing definite or final had been done, yet they had made substantial progress toward a satisfactory solution of questions which had been hindering the construction of the dam. They returned to St. Paul, via Duluth yesterday afternoon, having missed their train because of the recent change of time.

MUSIC AND DRAMA

Coming Attractions

Sept. 25—Raffles.

Sept. 30—Sousa's band, Matinee only.

Sousa's Band

For the first time in his career John Philip Sousa comes to Brainerd, with his entire band of fifty and with the same three brilliant soloists that he presents in all the larger cities of the country; Miss Lucy Allen, of Boston, soprano; Miss Jeannette Powers, of Decatur, Ill., violinist and Mr. Herbert L. Clarke, cornetist. And that the citizens of Brainerd will measure up to this rare opportunity by crowding the Brainerd theatre on Monday afternoon, Sept. 30, we are positively assured. All the world knows that a Sousa program means vibration, dash, sparkle, pleasure and delight at every stroke. The music critic of the Pittsburgh "Post" puts it this way: "There are Lift and Contagion in Sousa's music; one feels the brighter and happier for having heard it, and the world would be much better if there were more Sousa's in it." One of the marvels of the day are the wearing qualities of the Sousa band. In the fifteen years of its existence it has given 7,334 concerts in 892 cities, covering 296,275 miles of travel and expending for musicians salaries alone, \$2,100,000, yet today the organization is accepted with an enthusiasm that borders almost on frenzy.

"Raffles, The Amateur Crackman"

Playgoers will enjoy a genuine treat in the engagement of "Raffles, The Amateur Crackman," which will take place at the opera house Wednesday, September 25. S. Miller Kent is the star of "Raffles." The fame of this play has preceded it here, because E. W. Hornung's stories from which the drama has been made, have been widely read, and because it is well known that this was the only drama to remain in New York 200 nights season before last. Much of the great success of "Raffles" is due to the original character of the play and more to the excellence of the players. The promise is made that in "Raffles," something entirely new in theatrical entertainment will be shown.

Special scale of prices: Box seats and first four rows in parquet \$1.50, balance of parquet and circle \$1.00, balcony 75 and 50, gallery 25c.

Every public spirited citizen should give this movement their enthusiastic support and material assistance, as the funds resulting from this entertainment will be used for public improvements on park purposes, and to aid in further emphasizing the material advantages of our beautiful city. Don't fail to help this undertaking. Put your shoulder to the wheel of progress, and push with all your might for park improvements.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists. Take Hall's Family Pills for constipation.

WAS A BAD STORM

Rain This Forenoon Flooded Cellars in Business District and Did Some Damage

It rained just so you might notice it this forenoon. The water backed up from the sewer into the Y. M. C. A. gymnasium, the amount of water which fell in the areas of the buildings flooded several basements. Besides this everyone who stepped out doors was well soaked. The catch basin at the corner of Sixth and Front streets were choked up and the street flooded.

About 1 o'clock this afternoon it began to pour again and then to hail. The storm continued for about fifteen minutes but no large hail stones fell and little damage has been reported as yet.

There proved to have been little damage done by the lightning yesterday. At J. J. Cummins' residence in East Brainerd, there were some shingles knocked off and the house was filled with smoke, which caused an alarm of fire to be sent in. When the smoke cleared away there was found to be no fire.

At Dr. Ribbel's residence on North Fifth street the electric fluid entered the building on the wires and jumped through the ceiling to the water pipes, making two holes, each the size of a lead pencil, and leaving a smell as if his satanic majesty had been around. No other damage was done.

The Touch That Heals

Is the touch of Bucklin's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by H. P. Dunn & Co. druggist. 25c.

ADVISED MACADAM

State Engineer Cooley Urges That Method of Repairing Bad Spots in County Roads

State Engineer Cooley was in the city yesterday afternoon and last evening consulting with the county fathers and the county highway surveyor regarding the work to be done on the county roads. He recommended the macadamizing of the black grade to a width of sixteen feet, with six inches of rock after it is packed, or about eight inches of loose stone. At an informal meeting held last evening at the Commercial club rooms Mr. Cooley gave some interesting and valuable advice to the commissioners and others present regarding the duties and responsibilities of the newly created office of county highway supervisor, and on other matters of interest.

Mr. Garrison, who was recently appointed to the office in question, stated that he had made soundings at the Bay lake narrows, which it was proposed to cross and found a channel about sixty feet wide and twenty feet deep, with abrupt banks, which would have to be bridged to make the contemplated change in roads.

Commissioner Crust spoke of the successful use of cedar bark on the west approach to the bridge at the dam and urged that the city use the same material, which could be procured right in the city for the hauling, be used on the sandy roads throughout the city. Engineer Cooley heartily endorsed the suggestion, saying that the only way to pack sand was by mixing vegetable matter or clay with it. The bark when rotted would form a loam that would permit packing and grading of the roads. He considered cedar bark very good for the purpose.

It was finally decided to spend half of the appropriation on the black grade and half on the bad place on the Oak street road six miles east of the city. The fills, only, will be made this year and the appropriation next year used to be put on the rock.

BRUNS the eye expert who fits spectacles and eye glasses correctly, will be at the Ransford, September 25 and 26. 91t2

SOCIAL DOINGS

Miss Louise Beare gave a very pleasant dinner party Tuesday evening in honor of Miss Kathleen Crane.

The Modern Brotherhood of America will give a social dance at the Elks hall Tuesday evening next to which the members and their families are invited.

Mrs. R. J. Hartley gave a whist party last evening in honor of Mrs. E. B. McCullough, of Memphis, Tenn. The prizes were won by F. A. Farrar and Miss Bessie Mulrine. A Dutch lunch was served and a very pleasant evening enjoyed by all.

The old Fortnightly Club, and the Bridge Club unite tonight in enacting at '500' at the home of Dr. and Mrs. Werner Hemstead, in honor of Mrs. Joseph Howe, who will leave in a short time for Minneapolis, where they will make their future home.

Invitations have been received in this city to the wedding of Miss Clotilde McCullough, formerly of Brainerd, to Mr. Horace H. Irvine, of St. Paul. The wedding will take place at the home of Mr. and Mrs. Chauncey R. Lamb, the cousin of the bride, 236 Clifton avenue, Minneapolis. The happy couple will be at home after the first of April next, at 677 Dayton avenue, St. Paul.

For a mild, easy action of the bowels a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25c a box. Ask your druggist for them.

SITUATION UNCHANGED

Absolutely No Change in Situation of Boilermakers' Strike and Perfect Order Prevails

There were no developments in the boilermakers strike in the past twenty-four hours at Brainerd. Perfect quiet prevails here. The boilermakers laugh at the necessity of guards, while those in charge of the guards state they have nothing to do and the only reason of their being here was fear that irresponsible parties would take advantage of the strike to do mischief which would be laid to the boilermakers.

PETER REINSTADLER DEAD

Brainerd Young Man Dies Today of Tuberculosis at Sister's Home in Minneapolis

Word was received this afternoon of the death of Peter Reinstadler at the home of Mr. and Mrs. Charles McLean, in Minneapolis, which occurred at 1:30 p. m. today. The remains will be brought to this city tonight or tomorrow for burial. The deceased was a son of Mrs. Joseph Scharfen, 218 North Tenth street, and a brother of Mrs. W. P. Pirie and Mrs. Joseph Murphy, of this city, and of Mrs. Charles McLean, of Minneapolis. He was a member of Boilermakers' union, the Elks and the Catholic Order of Foresters, and had a large number of friends in this city. He had been ill for some time the cause of death being tuberculosis.

Reasons Why

you should buy the Radiant Estate Base Burner. It has the only triple flue construction. It has cold and side base. It has the cold and back flues. All nickle parts are boltless hence easy to clean. It has double heater collars, is gas and air proof. It has more radiating surface, needs less fuel. Saves coal and coal is cash. Made in three sizes \$45.00, \$50.00 and \$55.00.

Stone's Music House Contest

A Magnificent Success

Churches, Schools and Individuals Entered Everywhere

Tremendous Interest Aroused by the Great Magnitude of the Prizes

NOW IS THE TIME TO GATHER IN THE VOTES

Don't Argue, Don't Infer, Get Busy and Get an Early Start

Never before in the history of voting contests have the people been awakened as they are now. The interest in the great contest is sweeping over four states like a tidal wave. Every day adds new towns and villages as contestants in the great race and in another week we believe that every city and village will have its favorite candidates. ¶ The people have responded magnificently. Churches, schools and many of their popular people have already been nominated everywhere. Many of these contestants already have a splendid start, and in many cases there seems to be concentrated effort of certain ones to win, as is evidenced by the fact that each day additional votes are placed to their credit.

THE GREAT CONTEST IS NOW IN ITS INFANCY

and every one has an equal chance, but we would impress upon you the importance of getting started early in the contest. The lazy summer days are over, and this beautiful autumn weather ought to inspire every one with ambition and energy. Why not begin to solicit votes today? The prizes are certainly "worth while" and you can win one of the thousand dollar Grands if you only wake up and **START NOW.**

PLAN FAILS TO PASS

Delegate Choate's Scheme Is Turned Down.

EFFORT ENDS IN FAILURE

American Representative at The Hague Peace Conference Submits a Proposition That Is Voted Down by a Special Committee.

The Hague, Sept. 19.—The plan for the organization of the permanent court of arbitration, which for some days has been under consideration by a special committee, has failed to pass. A final effort was made on Wednesday to reach an agreement regarding the selection of judges, but it proved futile. Joseph Choate of the American delegation brought forward yet another suggestion for the election of the fifteen judges by direct vote of the governments, but this was defeated, 9 to 5. Dr. Barbosa of Brazil withdrew the Brazilian proposition, but in so doing maintained that the only possible solution of the question was for all states to partake equally in the court, which would insure to each the nomination of a judge, and the right of the parties in dispute to choose the judges to deal with each case.

Sir Edward Fry of Great Britain succeeded in carrying a proposal that the conference should pass the scheme for the organization and procedure of the court and remit the complete convention to the various governments, leaving blank the article providing for the election of judge, but recommending that the governments consider among themselves how best to overcome the difficulty. This was carried, eight to five, there being one absentee.

M. Nelldoff, president of the conference, has called a meeting of all the first delegates, Austria having presented another proposition regarding future conferences.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There is no more intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, than it means much to you that there is one tried and true honest medicine of known composition, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice, is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

Searching for Labor Leader.

Chicago, Sept. 19.—Search is being made in various cities for Michael Donnelly, former president of the Amalgamated Meatcutters and Butchers' workmen, who disappeared from his home in Kansas City four weeks ago. Democrats Successful.

Oklahoma City, Okla., Sept. 19.—The returns from Tuesday's election continue of the same tenor—that the constitution has been adopted 3 to 1, that prohibition has been carried by at least 30,000 and that the whole Democratic state ticket, headed by Charles N. Haskell, has been elected by more than 20,000. In the congressional election the Democrats seem to have secured four of the five representatives.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from Brainerd and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that H. P. Dunn gives with every outfit that he sells, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, H. P. Dunn will refund your money.

The complete Hyomei outfit costs but \$1.00, and in most cases is sufficient to cure the disease, making it not only a scientific treatment but one that is highly economical. Get an outfit today from H. P. Dunn if you have any catarrh.

POWDERLY MAKES REPORT

Shows Work of His Division Since Its Establishment.

Washington, Sept. 19.—Terence V. Powderly, chief of the division of information of the bureau of immigration, which was established two months ago, has made to Secretary Straus of the department of commerce and labor an important report showing the work of the division since its establishment. The report shows that a great volume of general data has been collected which, while useful, is not very specific. Efforts are being made by Mr. Powderly to obtain more exact information as to the labor needs of the various sections. Precise and accurate information is desired in order that admitted aliens may be given practical information as to where and by whom labor is needed, the classes required, wages paid, house rent, transportation, school facilities, etc. Already the division has information certifying that places can be provided for 256,400 men, women and children at wages ranging from \$3 per week to \$3.50 per day. From individual employers of labor specific information has been received which will enable the division to place immediately 1,319 aliens at wages ranging from \$1.25 to \$3 per day.

From commissioners of labor and state boards of agriculture have been received reports that 84,100 aliens can be given employment at wages ranging from \$18 a month to \$3 per day. From the commissioners of agriculture of three states comes the information that an aggregate of 1,020,600 settlers are needed. Complete and accurate details for the placing of these settlers are now being obtained.

Fear Epidemic of Beri-Beri.

Lincoln, Neb., Sept. 19.—Fear of an epidemic of beri-beri, with which many Japanese laborers of Alvo are affected, prompted City Physician Slatery to order an inspection of all Orientals in this city. Dr. W. H. Wilson, state health inspector, visited the railroad camp at Alvo and ordered the afflicted laborers segregated.

Proceedings in Bankruptcy

In the District Court of the United States for the District of Minnesota, Fifth Division. In the matter of William T. Larrabee, Bankrupt, in Bankruptcy.

To the Honorable Judge Morris, Judge of the District Court of the United States for the District of Minnesota, in and for the County of Brainerd, in the County of Crow Wing, and State of Minnesota in said district, respectfully represents that on the 12th day of June, 1907, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 5th day of September, 1907.

WILLIAM T. LARRABEE, Bankrupt.

United States District Court, District of Minnesota, Fifth Division—ss.

On the 17th day of September, A. D. 1907, on reading the foregoing petition it is Ordered by the court that a hearing be had upon the same on the 12th day of October, A. D. 1907, before the court, at Duluth, in said District at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Judge Morris, Judge of the said court, and the seal thereof at Duluth, in said District, on the 17th day of September, A. D. 1907.
